Dear Humberto,

The visit on 17 May 2012 is confirmed. We propose to commence at 0930 in the morning.

Please send us names and size of uniform and shoes for PPE.

Gilberto is the contact point and he will contact you later to understand and clarify the scope of the visit so as to be sufficiently prepared.

Best regards,
Tommy Sam

Dear Tommy

Further to our conversation on 07th May please note that BNDES intend to visit BRASFELS on Thursday 17th May 2012 with the following scope:

- Shipbuilding Schedule and Milestones;
- Shipyard future capacity expansion requirements / plan;
- Construction Plan for SETEBRASIL Drillships;
- Procurement Plan (taking into account Brazilian Vendors);
- Main Brazilian and foreign Suppliers;
- Minimum Local Content Plan;
- Track-record on Brazil and Orderbook;
- Human Resources training;
- Partnership with foreign Shipyards and technology transfer.

The main but for BNDES is to know the Shipyard and the Project as Financial Entity as well to prospect Shipyard and Suppliers for Financial Business.

Pls kindly confirm availability for this date.

Subject: RE: BrasFels Inspection

Dear Gilberto

BNDES wants to conduct due diligence of the shipyard similar to the visits investors already made to other shipyards, in other words, to basically get to know management, visit the facilities, and understand the rig construction process.

Below are some questions that we believe they may ask. Ideally we would start with a presentation of the shipyard, provide some time for questions, and then have the visit to the facilities:

- Construction schedule and main milestones;
- Need for capacity expansion;
- Description of the construction process;
- Origin of the equipment (procurement – emphasizing national manufacturers);
- Main local and international suppliers;
- Plan to achieve the minimum local content;
- Experience (track record) in Brazil and current order book;
- Hiring and training of workers;

- How do partnerships with foreign shipyards work for the transfer of technology.

We'd like to schedule the visit by May 18th.

We look forward to your reply,

Best,

Humberto Fajardo

Caro Gilberto

O BNDES quer fazer uma due diligence do estaleiro similar ♦ visita já executada por investidores em outros Estaleiros, ou seja, basicamente conhecer o management, visitar as instalações e entender o processo de construção das sondas.

Segue abaixo algumas questionamentos que acreditamos que ele possam fazer. O ideal seria iniciar com uma apresentação do Estaleiro, abrir um espaço para perguntas e depois realizar a visita nas instalações:

- Cronograma de construção e principais milestones;
- Necessidade de expansão de capacidade;
- Descrição do processo de construção;
- Origem dos equipamentos (procurement - dando ênfase aos fabricantes nacionais);
- Principais fornecedores locais e internacionais;
- Plano para atingir o conteúdo local mínimo;
- Experiência (track-record) no Brasil e orderbook atual;
- Contratação e treinamento de mão de obra;

- Como funciona as parcerias com estaleiros estrangeiros para transferência de tecnologia.

Gostaríamos de agendar a visita até 18/05.

Agradeço retorno.
